

e-Reporting of Rare Endocrine Conditions (e-REC)

Results of the Pilot Phase

eurreca.net/e-rec

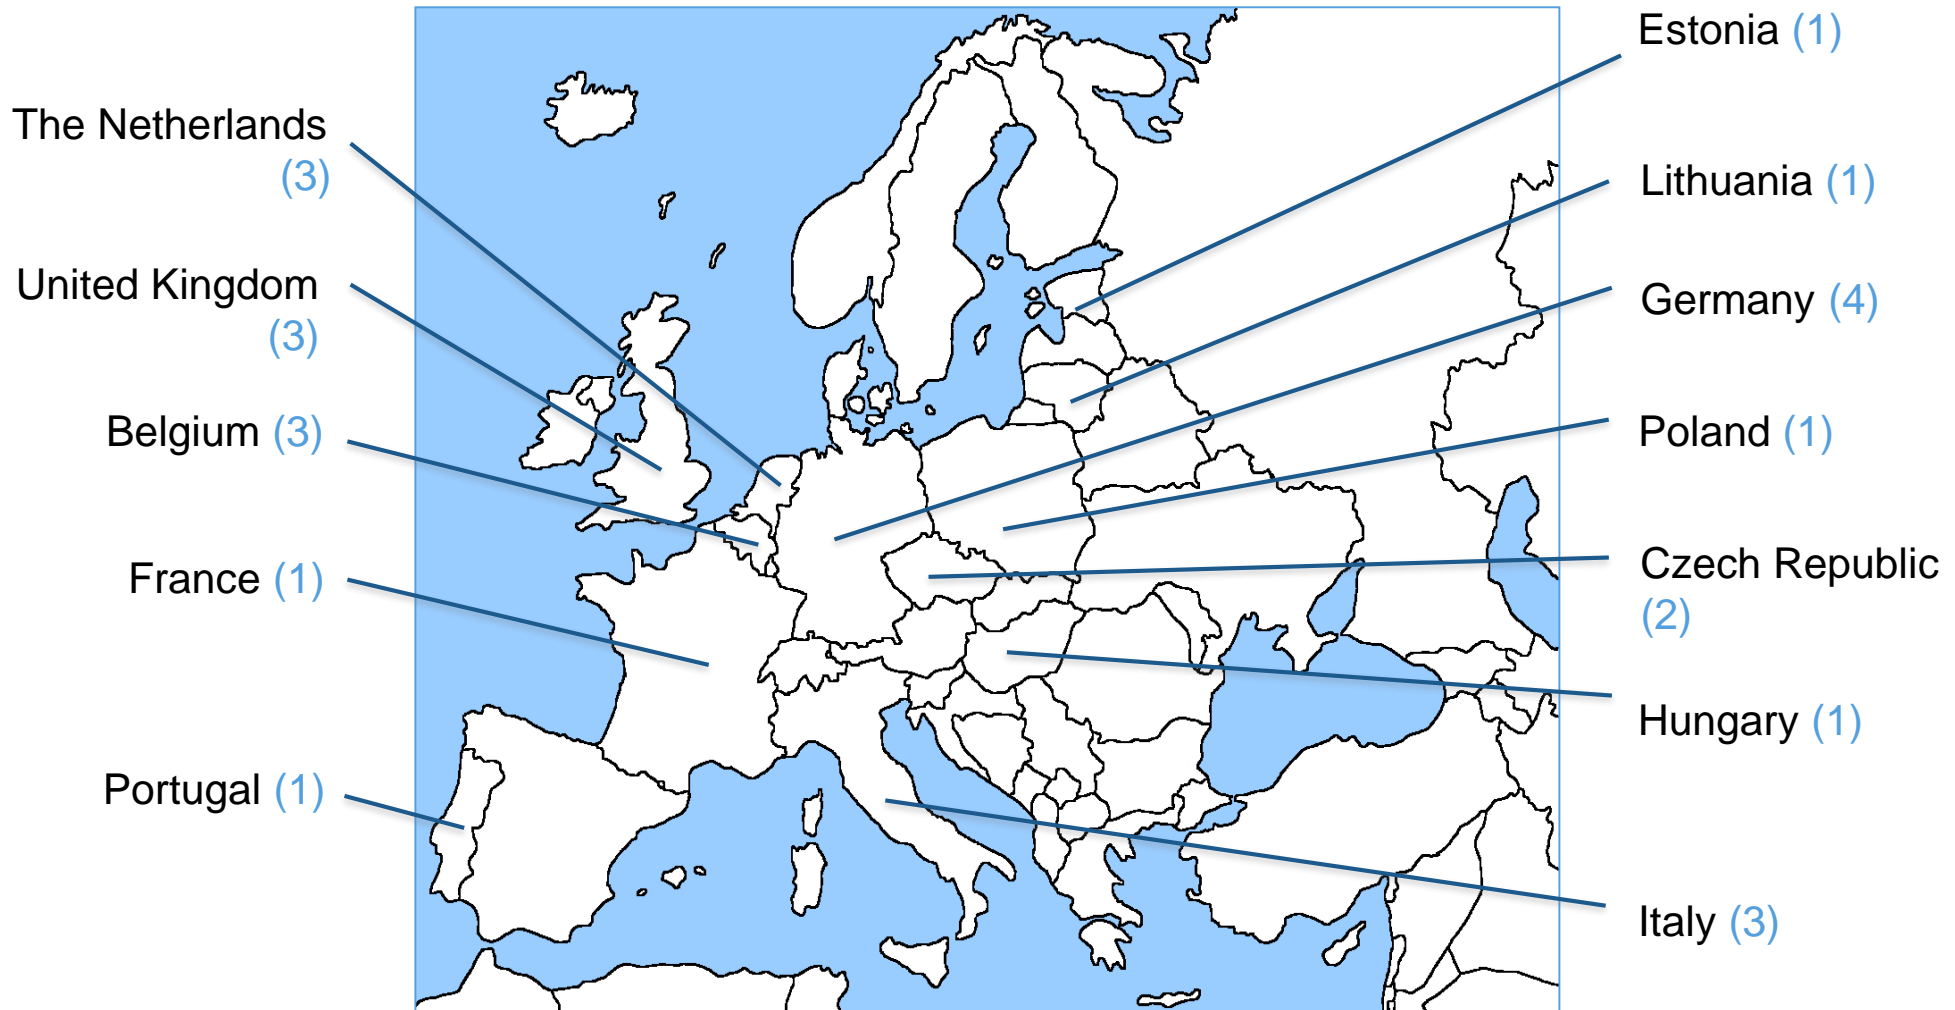

EUROPEAN REFERENCE NETWORKS
FOR RARE, LOW-PREVALENCE AND COMPLEX DISEASES
Share. Care. Cure.

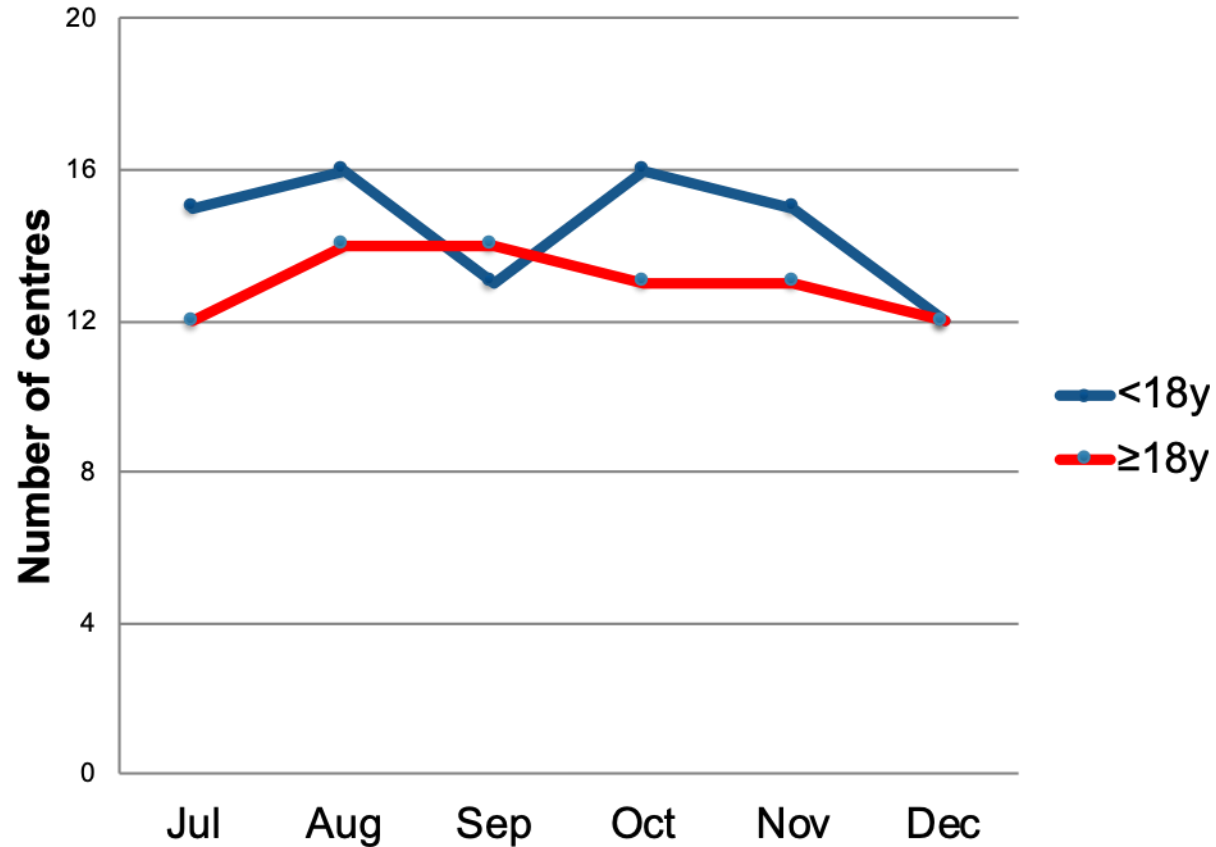

salma.ali@glasgow.ac.uk

24 Reference Centres (RC) / 12 Countries

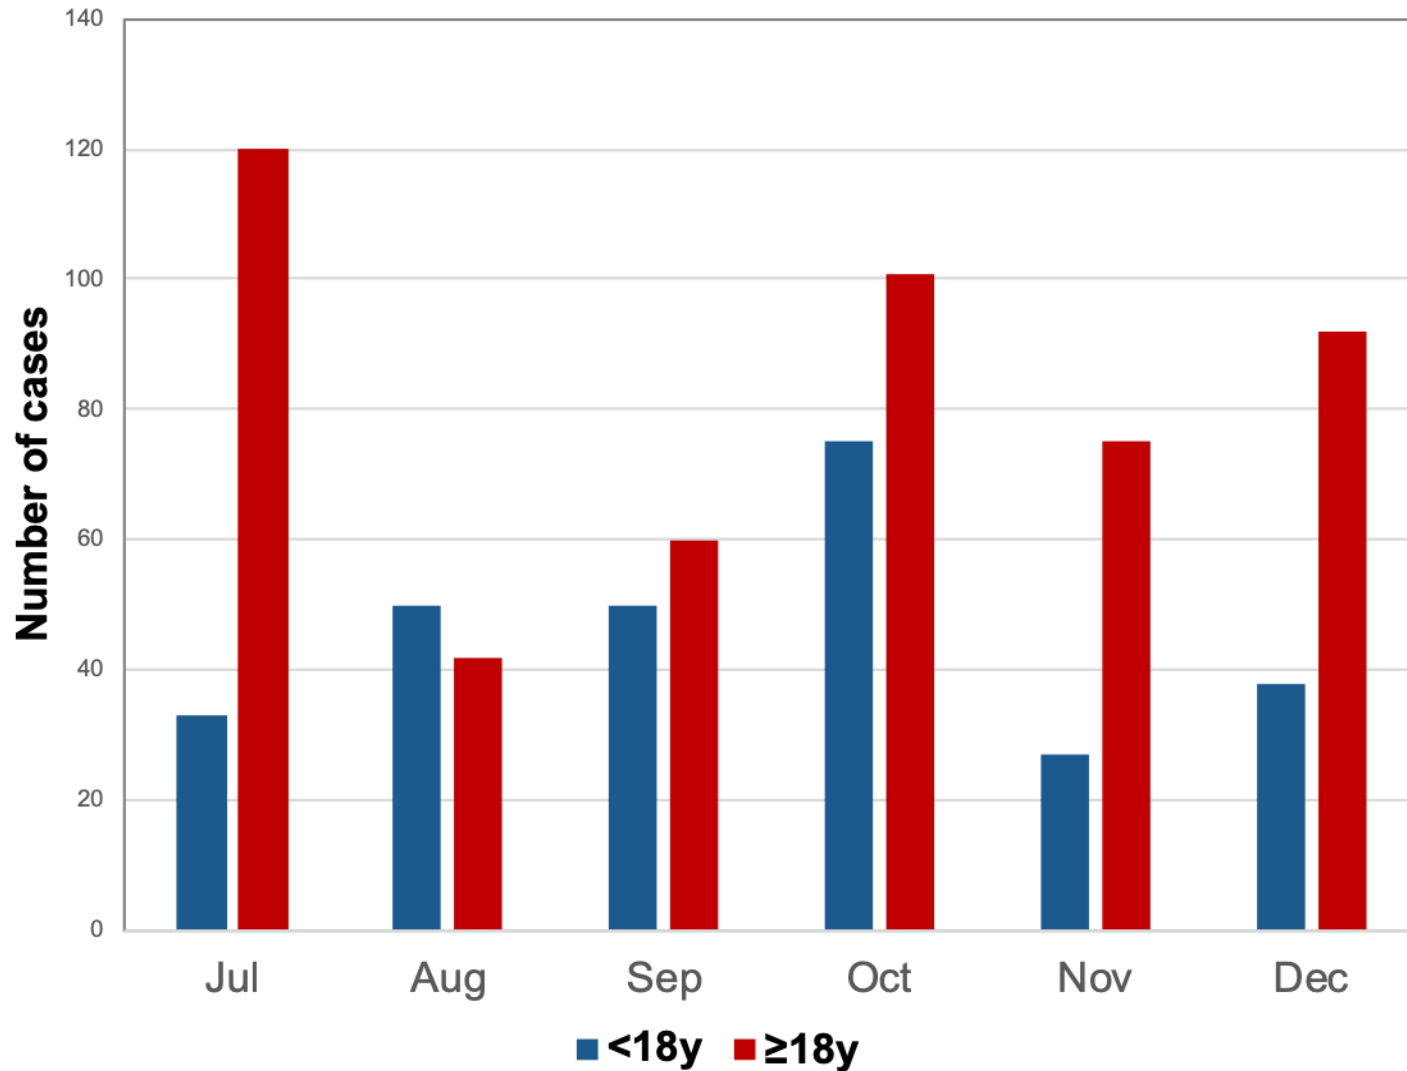

Number Of Actively Reporting Centres In Pilot Phase July 2018- December 2018

	Paediatric	Adult
Total number of invited centres	23	24

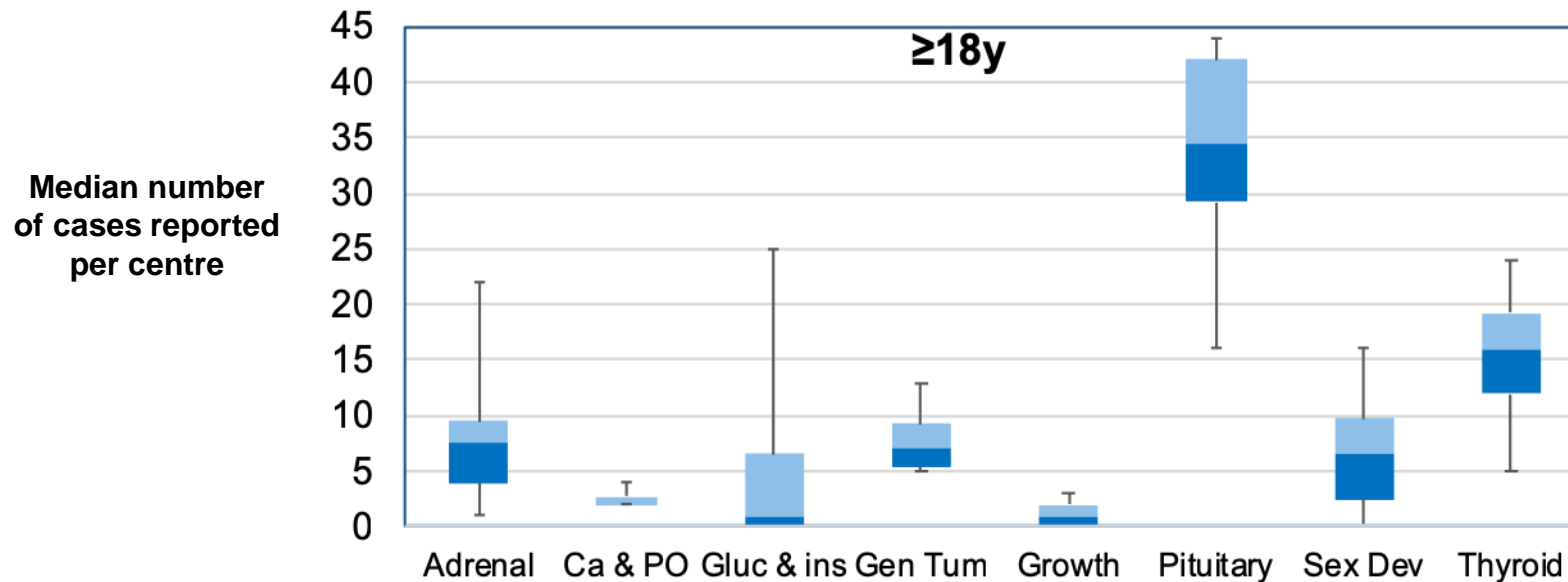

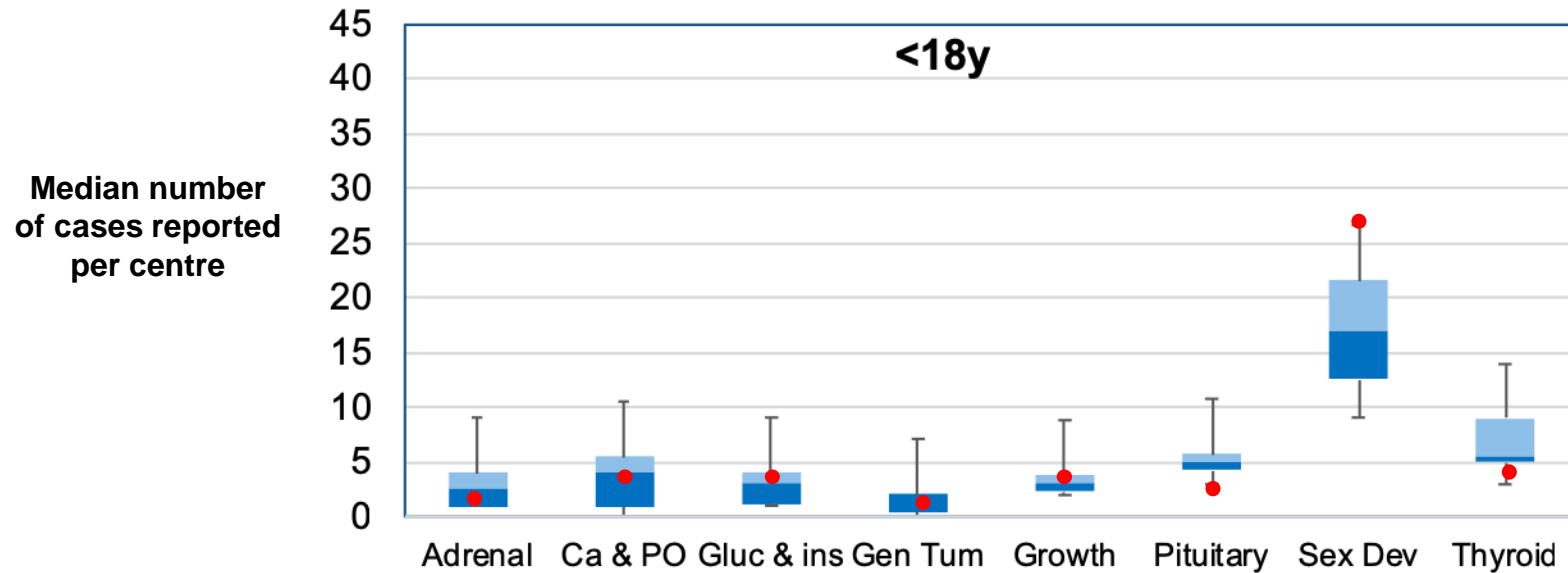

Temporal Variation In Total Number Of Cases Reported July 2018- December 2018

Total Number of Cases Reported per MTG from July 2018- December 2018

Cases reported per centre per MTG from July 2018 - December 2018

- Pilot phase of e-REC has provided plentiful data to date
- Extension to all Endo-ERN centres and beyond will increase richness of data
- Data will be supplied to Endo-ERN for key indicators and support the Endo-ERN Work Packages
- Data will be of interest to several stakeholders (patients, researchers, industry, scientific societies, EU)
- EWGs are invited to use these data and work with Endo-ERN MTGs
- Headline figures will be published on the EuRRECa website.
